## STRAWBERRIES

Should be given a light mulch when the ground begins to freeze—as the alternate freezing and thawing damages the vitality of the plants and often kills them out entirely. There is not much to be gained by planting the standard sorts in the fall, but where wanted we can ship promptly. Beaver, Premier, Sen. Dunlap, Blakemore, Fairfax and Dorsett at \$1.00 per 100.

### Everbearing Strawberries

Planted now will make a larger crown for next season's growth and production, and where planted early will well repay for the added expense of mulching.

**MASTODON**—Large thrifty plants; firm, dark, large berries.  
**GEM**—New, bright red, large, very productive and a thrifty plant maker. By far the best everbearing sort for home use or local market. Be sure and try them out next summer by planting now. 25 for 75c; \$2 per 100 postpaid.

## RASPBERRIES

Make a fall root growth and start very early in the spring — hence it is a decided advantage to plant as early as plants are fully mature.

**CHIEF**—Best early red, very hardy; 10 days earlier than Latham.

**LATHAM**—Best all around red, very large, late.

XX Heavy grade \$1.50 per 25; \$4.00 per 100; \$35 per 1000.

Medium grade \$1.00 per 25; \$3.00 per 100; \$25 per 1000.

## TULIP TIME

Plant any time before the ground freezes, 4 inches deep, and mulch after planting.

All colors or choice mixed in Early Single, Double, Darwin, Cottage and Breeder types. 20 for \$1.00; \$4.50 per 100, postpaid.

(Descriptive Bulb Catalog mailed on request.)

## RHUBARB or PIE PLANT

Where you want the genuine red stalk sort this is the best time to be assured of knowing that you get it—as orders are dug individually and not run from storage as in the spring.

**LINNAEUS**—Or “strawberry” is early, tender, red and of good size. 15c each, \$1 per 10.

**McDONALD**—New, very large, bright red, grown from divisions only. 25c.

**HORSE RADISH**—Maliner Kren—Strong crowns, 50c per 10; \$3.50 per 100. Root cuttings, 25c per 10; \$1.50 per 100.

**CHIVES** or Grass Onion—Hardy perennial; in demand for seasoning and as a rock garden plant, 20c per clump.

**HOP VINES**—Desirable perennial herb that makes an excellent rapid growing vine for arbor or screen, 20c each, \$1.50 per 10.

## ASPARAGUS

**ASPARAGUS**—The New **WASHINGTON** is of best quality and rust resistant. Plant crowns at least 2 inches below surface and a foot or more apart in rich soil. 1 year 50c per 25; \$1.50 per 100. 2-year 50c per 10; \$1.00 per 25.

## FREE-- With any \$3.00 order or more. Your Selection.

1 PEONY, any color, blooming size. 10 IRIS, all different  
1 COL. BLUE SPRUCE, 8 to 12 in (7 years old).  
5 HARDY FLOWERS, all different.

### HARDY FLOWERS

Planted NOW become established before winter and hence grow and bloom better than spring set plants. We have a very complete stock of fine field grown at 20c each; \$1.50 per 10, postpaid.

### HARDY PHLOX

At above prices, in white, white with red eye, lavender, red and pink shades. Also Divericata (native) lavender and pink; and Subulata (creeping) in lavender, pink and white.

Send us a list of any sorts desired, or see our previous price list.

## Strand's Nursery

“Strand's Stock Satisfies”

TAYLORS FALLS, MINNESOTA

## Plant PEONIES Now!

150 of the choicest varieties; early and late; single and double in all shades of pink, rose, red, white, yellow and variegated. Let us quote you on any named sort desired.

**STRONG DIVISIONS** (any color)—35c each; 3 for \$1.00 postpaid. XX Clumps 75c each; XXX Clumps \$1.00 each.

**10 CHOICE PEONIES**—Our selection, all different \$2.50 postpaid.

A grand collection covering the season and various shades; all double unless you request some singles.

**ANAMALA**—New early cut leaf crimson “Decoration Day” sort, \$1.00.

**BARONESS SCHROEDER**—Late, large, fragrant blush white, 50c.

**COURRONE D'OR**—Late white with tufted crimson center and stamens, 50c.

**FRANCES WILLARD**—A “blue ribbon” perfect white, \$1.00.

**JOHN HANCOCK**—Tall, free blooming, rosy pink, 50c.

**KARL ROSENFELD**—Best free blooming velvety crimson, 50c.

**LIVINGSTON**—Late, free, rosy pink, 50c.

**La TULIPE**—Tall, free, blush pink striped crimson, 50c.

**MISS MORRIS**—Choice, large early single rosy red, 50c.

**MONS. JULES ELIE**—Finest early large light pink, 50c.

**MADAM de VERNEVILLE**—Free blooming white, blush pink center, 50c.

**PHYSNEE**—Beautiful yellow with blush guard petals, 50c.

**RACHAEL**—Popular midseason, dwarf, crimson, 50c.

**RUBRA SUPERBA**—Best late crimson, 50c.

Plant Peonies in a well drained sunny location, so the crowns are 2 inches below the surface. Early fall planting insures better growth and bloom. Mulch after planting—the first winter especially.

## Hardy Trees

**HARDY TREES**—American Elm, Ash, Box Elder, Butternut, Soft Maple, Golden and Laurel Leaf Willow, Carolina and Lombardy Poplars, 6 to 8 ft. 50c; 8 to 10 ft. 75c. Larger and smaller sizes at relative prices. Willow and Poplar **CUTTINGS** 75c per 100. Elm seedlings 12 inch \$1.00 per 100, postpaid.

**CHINESE ELM**—We will have in the larger sizes for spring delivery only. Let us quote you prices. Seedlings of this variety, planted now, will soon give you a shelterbelt. 12 to 18 inch, 50c per 10, \$3.00 per 100. 18 to 24 inch, 75c per 10, \$4.00 per 100. 2 to 3 foot, \$1.00 per 10, \$6.00 per 100.

**BASSWOOD, HARD MAPLE, MOUNTAIN ASH**—And most other ornamental trees. 6 to 8 ft. \$1.00; 8 to 10 ft. \$1.50; larger and smaller sizes at relative prices.

**ORNAMENTAL SHRUBS AND VINES**—We have a complete stock of and can deliver any time after they are fully mature—so the foliage can be stripped. They do not root in the fall, hence there is nothing to be gained except having them ready for an early spring start. Strong field grown 2 year plants in most sorts, 35c; XX Grade 50c; XXX Heavy, 75c.

## LILAC TIME

Lilacs start into growth so early in the spring that it is better to plant them in the fall when soil conditions are favorable.

**COMMON WHITE & PURPLE**—1 to 2 ft. 25c; 2 to 3 ft. 35c; 3 to 4 ft. 50c 4 to 5 ft. 75c.

**PERSIAN PURPLE, RED AND LAVENDER**—1 to 2 ft. 35c; 2 to 3 ft. 50c; 3 to 4 ft. 75c.

**VILLOSA** (pink, late); **JOSIKEA** (violet, late); **SULTE** (blue, late) and **JAPANESE TREE** (white, latest)—Are different types. 2 to 3 ft. 50c; 3 to 4 ft. 75c; 4 to 6 ft. \$1.00 each.

**FRENCH OR GRAFTED TYPES**—Come in single and double, various shades of light and dark blue; pink, red and white, at above prices.

# STRAND'S NURSERY NEWS

TAYLORS FALLS, MINNESOTA—FALL 1935

## FALL PLANTING

Tulips and the hardy bulbs like scilla, grape hyacinth, etc., must be planted at this time. Plant in well drained location about 3 times the diameter of the bulb, and mulch well after planting or when the ground freezes. In the rock garden or border use 5 or 6 of a type or color in a group for effective results.

## ROSES — GRAPES — APPLES

And most shrubs and trees that are subject to winter injury—or need protection should not be planted until spring. Hardy ornamental trees, hedges, cuttings and seedlings for windbreak purposes can be planted as soon as mature; altho they make no root development—with many it is a great help to have them planted NOW while time and conditions are more favorable than in the spring.

## EVERGREENS — PEONIES

And hardy flowers root freely after the fall rains begin and while soil is warm—hence it is a decided advantage to have them planted early. This is the best time to work over, divide, clean up or make changes in the perennial border.

## Your Dollar Will Buy

Any 1 of the following items, or any 6 selections for \$5.00, postpaid.

- 3 PEONIES, any color or all different.
- 7 PHLOX, any color or all different.
- 10 IRIS, any color or all different.
- 10 HARDY FERNS, tall, medium or dwarf.
- 10 HARDY FERNS, dwarf evergreen.
- 10 HARDY FLOWERS, all different.
- 7 HARDY LILIES, all different.
- 7 HEMEROCALLIS, or day lily assorted.
- 20 TULIPS, best mixed, any type.
- 20 HARDY BULBS, 5 each of tulips, narcissus, crocus, scilla, and grape hyacinth.
- 50 GEM Everbearing Strawberries.
- 100 STANDARD STRAWBERRIES.
- 7 RHUBARB, best red.

- 1 BLACK HILLS SPRUCE, 12 to 18 inch.
- 1 SILVER CEDAR, 12 to 18 inch.
- 1 PYRAMID or GLOBE ARBOR VITAE, 12 to 18 inch.
- 1 JUNIPER SAVIN or PFITZER, 12 to 18 inch.
- 1 COLORADO GREEN SPRUCE, 12 to 18 inch.
- 1 COLORADO BLUE SPRUCE, 12 inch.

Recent experiments have proven that much damage is often done to strawberries and hardy perennials before they are covered in the fall. Mulch lightly as soon as the ground begins to freeze—as it is the alternate freezing and thawing that affects their vitality or crop. This is especially important with newly planted perennials.

## HARDY FLOWERS

**BLEEDING HEARTS**—Common and everblooming are 35c.

**DICTAMNUS** or **GAS PLANT**, 35c.

**BRISTOL FAIRY** (Double) **GYPSOPHILA**, 35c.

**LADY SLIPPER**—Snowy white and yellow, 35c.

**ORIENTAL POPPIES**—Crimson, pink and white, 35c.

**LILIES**—Madonna, Auratum, Henry II, Speciosum, 35c

**HARDY LILIES**—20c each, \$1.50 per 10.

|            |                          |
|------------|--------------------------|
| Blackberry | Canadense or Meadow      |
| Elegans    | Coral or Tenuifolia      |
| Umbellatum | Tiger, Single and Double |
| Regal      | Hemerocallis, in 5 sorts |
|            | Funkia or Plantain Lily  |

**IRIS**—In striking new colors; choicest sorts at above prices. White, cream, yellow, lavender, light and dark blues, purple, pink, red, claret and maroon combinations. Also Pumilla (dwarf, early) in light and dark blue; Siberian white and purple shades; Beardless and Pseudoacorus (tall yellow).

**10 IRIS all different or any color**  
\$1 postpaid.

## HARDY HEDGES

Plant most sorts 18 inches apart and cut back so as to get them full or well branched at the bottom. **ARBOR VITAE** makes the best evergreen hedge. Prices on request.

**CARAGANA AND BUCKTHORN**—Popular, hardy all around sorts.

**HONEYSUCKLE AND SPIREA VAN HOUTII**—For taller screen hedges.

1 to 2 ft. 15c; 2 to 3 ft. 20c; 3 to 4 ft. 30c.

## PLUMS and CHERRY HYBRIDS

Can be planted now. They are all very hardy and bear soon. Newer sorts are wonders for size and quality. Complete descriptive list on request; or tell us what you want and we will send you a variety that will please.

3 to 4 ft. 50c; 4 to 5 ft. 75c; 5 to 7 ft. \$1.00 each.

## CURRANTS and GOOSEBERRIES

Permit must be secured from the Department of Conservation before shipment to those in N. E. Minnesota, living north of Washington county.

**PERFECTION**—One of the best large red currants, 25c each; \$2 per 10.

**RED LAKE**—New, very thrifty and productive, 35c each; 1 yr. 25c.

**CARRIE GOOSEBERRY**—Very productive, hardy red; nearly thornless, 25c.

**COMO**—Newer, very desirable, large white, 35c each; 1 yr. 25c.
